Observations... From Around Town

(BY JAY WHOZIT)

Dan M. Russell, Jr., president of the Chamber of Commerce, will head a delegation of interested citizens, who will appear before a hearing of the Interstate Commerce Commission, at the Jung Hotel, in New Orleans, on August 21st, in the interest of Gulf Coast Commuters who are seeking to restrain the L. & N. R. R. Co., from discontinuing certain commuter rates. . . . The Little Theater announces its next production, "Kiss and Tell," which will be presented on the nights of August 28, 29, 30. . . . First Primary elections are being held this Saturday, at three precincts in Hancock County, namely, Ansley in Beat One; Dedeaux in Beat Three; and Lakeshore in Beat Five, because of certain illegal procedure in holding the elections at these precincts on August 5th, as discovered by the Hancock County Democratic Executive Committee in session last week, canvassing returns of the First Primary. . . . This is the first time this has been done in Hancock County. . . . Carl N. Craig, successful candidate for State Auditor in the recent election, received the largest vote of any candidate, over 283,000, possibly also, the largest vote ever received by a single candidate in the State of Mississippi at any time. . . . Miss Norma Gardia, valedictorian of the Class of 1947 at St. Joseph Academy, will leave shortly for New Orleans, where she will join the Order of the Sisters of St. Joseph. . . . our congratulations and best wishes to Miss Gardia in her chosen life's work. . . . the local library held its annual Tag Day on last Saturday, the library had set its goal at \$750.00, and although it has not been announced as yet whether this goal was met, if you did not get to make a contribution on last Saturday, you can still mail in your check and get credit in this drive and thereby help a worthy cause. . . . elsewhere in this issue may be found the official returns of the First Primary election as announced by the Democratic Committee. . . . Mississippi has nearly 1000 producing oil wells, with 9,500,000 mineral leases now on record in the state. . . . The Knights of Columbus are sponsoring a Laymen's Retreat beginning this Friday and continuing until Monday morning, at St. Stanislaus, all men are invited to attend. . . . Football practice for Saint Stanislaus will begin some time next week and Brother Peter and Coach Burge expect quite a few candidates for the early trials. . . . and it should not be long before Coach Ellis Guillory, of Bay High has some of his boys out for a little early practice, both schools are looking forward to a splendid season. . . . the Natural Gas Division of the City of Bay St. Louis is now under the direct supervision of Millard Toulouse, who has been connected with this department since its beginning. . . . the annual Mississippi State Fair will be held at the Fair Grounds in Jackson, October 5 through 11. . . . Mississippi motorists will pour more than \$22,700,000.00 in gasoline tax and registration fees into the state highway fund this year, the largest in the state's history.

Red Cross News

The party for the men from the Veterans Hospital at Gulfport, which was to have been given by the Episcopal Guild, in August, has been postponed until September.

These monthly parties for the men at the hospital are sponsored by the Red Cross through Community Service to veterans. The various organizations of the community are hosts to the patients from the hospital, each month.

Statement of Mrs. Thomas L. Bailey

In selecting me to this high office, I feel that the people of Mississippi gave Tom Bailey a vote of appreciation and me one of confidence. You put the stamp of approval on everyone to whom he handed the cloak of leadership. I am deeply grateful.

Beach Party

Plans have been completed for a Beach Party, sponsored by the Women's Benefit Association on the beach in front of Mr. and Mrs. Charles Breath's home on Wednesday, August 20th at 8 p. m. All members are invited to attend.

A bingo game was enjoyed at the home of Mrs. Nellie Nelson on Uman Avenue. A nice sum was realized which will be added to the special Travel Fund.

Will Be Lieutenant Governor

SAM LUMPKIN

Sam Lumpkin of Tupelo led the ticket in the race for Lieutenant Governor with a vote of 157,827. Three of his opponents, Grady Cook, Thomas J. Grayson and Jesse Shanks have withdrawn from the second primary, and there only remain Charles Graville Hamilton, who received only 19,842 votes and who offers to contest the election with him.

MEETING OF ALTAR SOCIETY WEDNESDAY AUGUST 20

The Altar Society of Our Lady of the Gulf Church will hold its regular monthly meeting at St. Joseph Academy on Wednesday, August 20 at 3:30 p. m.

The society takes this method of expressing thanks to all who helped make their share of the Fair a success and announce that their table realized \$326.83.

They also announce the winners of the raffles as follows: Electric refrigerator won by Joseph Vonau of New Orleans; Radio won by Mrs. Rupert Wentworth of Menlo, New Jersey; attic fan won by Wilhemena Lannaux, Bay St. Louis; Bed Spread won by Henry Lang; Gold Bracelet won by Evelyn Tudury; Pin-up Lamp won by Mrs. Mary Ebel; Drawn-work table cover won by Mrs. Frank Martin; Crochet luncheon set won by Mrs. Kessler, New Orleans; Doll won by Sister Dorothy.

City Echoes

—Brother Robert was taken to Hotel Dieu in New Orleans on Monday, critically ill. At the time of this writing his condition is reported as undetermined.

—Mr. and Mrs. George Casanova of New Orleans are spending a few weeks here and are occupying the Spotorno home while the family is away. Mrs. Casanova is the former Miss Jules Spotorno.

—George H. Thompson, son of Captain and Mrs. H. J. Thompson, will bring the morning message at the Main Street Methodist Church on Sunday, August 17 and will take as his text "On Advertising For God." There will be no evening service and no prayer meeting that week because of the absence of Rev. P. E. Pierce, the pastor.

—Octave Delph and his small son are visiting Mrs. Delph's aunt Mrs. Fred Gimble at Jennings, La. Mr. and Mrs. John Spencer Judd have had as house guests for the week Mr. and Mrs. Ferris Hassler and Charles Hassler of Dalton, Ga. and Mr. and Mrs. Robert Levert, Jr., of New Orleans. Mrs. Levert is Mrs. Judd's sister and Mrs. Levert is the daughter of the Judds.

—Truman Schultz left on Monday for Pottstown, Pa., where he will visit with his brother for several weeks. While away he will also go to Hackensack, N. J., to see another brother and other relatives in Baltimore.

—Dr. and Mrs. John L. Griffin left Saturday for Panama City, Florida, and will be gone for a week.

—Sgt. and Mrs. A. G. Favre, Jr., and son Gabe, are spending two weeks at the home of the A. G. Favres, Sr.

—Rev. Father R. J. Kirschenheiter, C. M., who has been on vacation here, left New Orleans Tuesday to resume his duties as assistant pastor of St. Vincent's Church in Los Angeles.

—Mr. and Mrs. L. S. Elliott, Mr. and Mrs. Russell Elliott and Miss Joan Elliott motored to New Orleans to bid Father "bon voyage."

—Mrs. Kate Conner and Miss Mary Weinger spent Monday in New Orleans.

MEETING HELD TO RAISE ADDITIONAL FUNDS FOR CATHOLIC CHURCH

A meeting was called by Monsignor A. J. Gmelch for Monday evening at 8 o'clock at St. Joseph's Auditorium for the purpose of devising ways and means for raising the additional finances necessary to complete the work on Our Lady of the Gulf Catholic Church. All men of the parish interested in the completion of this undertaking were invited to attend.

A representative gathering was on hand and submitted some excellent suggestions for raising the amount needed to complete the exterior and some work remaining inside of the building. The meeting was presided over by Walter J. Gex, chairman of the committee. First it was unanimously agreed that the construction be completed as set out in the plans and specifications. But in order to do so and have the church dedicated in October for the Centennial celebration this money must be raised immediately as there can be no outstanding indebtedness at the time of the Dedication.

Four years ago a committee was appointed and each given a certain section of the city to canvass each year to raise a total of approximately \$50,000.00, the estimated amount that would be required to complete this work. This committee worked untiringly but as most them, due to lack of sufficient time to devote to this work, were unable to contact every family in their section. Due to this fact the collections fell about 20,000.00 short of the goal. This amount is now needed for the completion of this undertaking. However, this committee feels confident that with one more drive, with the help of everyone desirous of seeing this work finished, this amount will be raised.

A suggestion was made for having an honor roll with all names inscribed during these four years towards this fund. This roll will be divided into four parts, the first for donors in excess of \$500.00, second for those \$100.00 to \$500.00, third those \$50.00 to \$100.00, fourth, those under \$50.00. This will be considered further, however, at the next meeting to be held Monday, August 25, 1947, at the Knights of Columbus Home on Main Street. Everyone is invited to be present at this meeting.

Anyone who has not been contacted in this regard can send their contribution to Monsignor A. J. Gmelch for which he will be grateful.

Mrs. Edwin R. Ranson Loses Mother

Mrs. Edwin R. Ranson has returned from New Orleans where she was called by the serious illness and subsequent death of her mother Mrs. Gabrielle Castaing Thiele who died on Saturday morning, August 9 at 9:55 o'clock at Mercy Hospital. Funeral services were held at St. Augustine Catholic Church, New Orleans, on Sunday, August 10 at 10:30 a. m. Interment was in St. Louis Cemetery No. 1.

Mrs. Thiele, widow of the late Henry J. Thiele, was a native of New Orleans and was 81 years of age. Besides Mrs. Ranson she leaves a daughter Mrs. Irwin F. Poche and a son Henry C. Thiele, both of New Orleans. She also leaves ten grandchildren and five great grandchildren.

Mrs. Thiele has visited Mrs. Ranson here often and has many friends here who remember her and who regret her passing. Sympathy is extended to Mrs. Ranson and her family in their loss.

FIELDING L. WRIGHT

Elected as Lieutenant Governor in 1943 and succeeding to the Governorship upon the death of Governor Thomas L. Bailey, Fielding L. Wright was nominated as Governor of Mississippi in the Democratic Primary Election held on Tuesday, August 5th, for a full four year term, by an overwhelming majority of 38,800 over four opponents.

A native of Sharkey County, Governor Wright served in the Legislature and the State Senate representing his county. He was speaker of the house of representatives during the Hugo White Administration. In 1939 he did not offer for election to any office, and in 1943 he was elected Lieutenant Governor.

It is the first time in twenty eight years that a Lieutenant Governor has succeeded to the Governorship in a Mississippi Election.

Complete Returns of Vote As Tabulated by State Democratic Executive Committee

The State Democratic Executive Committee met on Tuesday to canvass the returns of the election held on Tuesday, August 5th, and the following is the vote for the various State Offices as announced by the Committee:

For Public Service Commissioner, Second District, C. M. (Red) Morgan 67,038; Luther A. Whittington, Jr., 53,126 and Eustus Hudson, who withdrew prior to the election but who polled 1890 votes.

For State Highway Commissioner, Southern District, Mundell Bush, 64,206; John D. Smith 65,846.

LIBRARY TAG DAY A SUCCESS

The Tag Day for the \$750 goal set by the Bay St. Louis-Hancock County Library for its yearly income for operating expenses of the library yielded a satisfactory sum but there has not been much response to the cards set out to those whom it was felt could not be reached by the taggers. . . . Won't you please re-read your card and see how much the library needs this money in order that it may continue to serve the community. It is only once a year that it appeals to the people of the town and county for help. Read the appeal in the Echo issue of August 5 and then give to this fund in order that your children and all children of this town and county may reap the benefit, as well as the adults. Give today in order that the library may not have to make another appeal. And the library says, "Thank you for what you have done in the past and what you may do now."

An Evening In The Old South To Be Presented at Edgewater Gulf

Miss Louise Alice Williams will present "An Evening In The Old South" in the ballroom of the Edgewater Gulf Hotel on Friday, August 15 at 8:30 p. m. in historical Crinoline Style Costumes of the Old South.

This bids fair to be an evening of plantation stories and songs and should be very entertaining.

MEETING OF GULF COAST ASSOCIATION HELD FRIDAY

Following the order (appearing in last week's Echo) from the I. C. C. received here by the Chamber of Commerce relative to the hearing to be granted the commuters and other citizens by the I. C. C. at the Jung Hotel in New Orleans on August 21 at 9 a. m. in consideration of the act of the L. & N. Railroad to discontinue the issuance of commuters tickets to the coast, a meeting of the Gulf Coast Association was held on Friday, August 8 in the high school auditorium for the purpose of discussing the representation from the association at the hearing.

J. M. Segher, president, presided at the meeting and the usual routine of business was dispensed with. Sidney Roos, New Orleans attorney and attorney for the association made a very timely talk and said that this organization was not organized solely to oppose the act of the railroad but to do anything toward the promotion of the Gulf Coast that could be done.

Several matters of interest came up, such as the water works in Waveland, telephone service at Clermont Harbor, the rights of property owners on the beach front as to being able to control the water front in front of their property from promiscuous bathing by other people.

Mr. Segher voiced the sentiment of the importance of having a large representation at the hearing scheduled for August 21 at the Jung Hotel.

LITTLE THEATER NEWS

The Executive Board of the Little Theater last week received with regret Mr. J. R. Shadoin's resignation as president. Mrs. Kenneth Knoblock, formerly vice-president, has assumed the duties of president for the remainder of the year. Also new on the Executive Board is Lt. J. N. Horrocks, who has taken over the position of secretary, left open after the resignation of Mrs. Clifton Ferrell.

The rehearsals for the August production, "Kiss and Tell," are going extremely well. The cast is very fortunate to have the help of Miss Trudy Cloutat of New Orleans who during the winter months is a teacher of dramatics in a Louisiana school. Miss Cloutat, herself a member of the cast, is doing a great deal of the directing also, and the play is apparently sure to be one of the most enjoyable productions of the year. Three changes in characters were made during last week, the cast now including Mrs. B. F. Floyd instead of Mrs. Clifton Ferrell; Mrs. Gladys Taylor Sellers instead of Mrs. Kenneth Knoblock, and Mr. Dennie Tonic instead of Mr. Ray del Rio.

Tickets for non-members will go on sale at one dollar plus tax beginning August 24th, and will be available at deMontluzin's Drug Store. Half-year memberships for the remaining three plays of 1947 are now open for two dollars and fifty cents. Anyone who is interested in joining for the rest of the year is requested to contact Mr. Rene de Montluzin, Jr., treasurer.

I. C. C. TO HEAR COMMUTERS PROTEST AGAINST L. & N.

The Interstate Commerce Commission will hold a hearing of the protests against the L. & N. concerning the proposed discontinuance of commuters fares which was to become effective as of August 1st. The I. C. C. ordered a postponement of this action by the railroad pending the scheduled hearing to be held at the Jung Hotel, New Orleans, at 9:30 A. M., Thursday, August 21st.

The Gulf Coast Association held its second general meeting at Bay High Auditorium on Friday, August 8th. The meeting was very well attended as was the first gathering of July 17th.

Mr. Sidney Roos, New Orleans attorney, addressed the meeting and gave promise of carrying a convincing case before the I. C. C. examiner.

The Gulf Coast Association is not limited in membership to commuters. The organization cordially invites to membership all residents, visitors, and friends of this chosen area. The cooperation of all business and professional people is especially urged.

The Association appreciates the aid rendered by the other civic organizations of Bay St. Louis and other Coast points.

Headquarters and office of the Association are at 100 N. Beach Blvd., Bay St. Louis. The officers are: J. M. Segher, President; J. E. King, Vice President; Max Kohler, Secretary; E. M. Brignac, Treas.

Hancock, Pearl River and Lamar Counties will be represented in the State Senate during the next four years by Cornelius Ladner, who was elected to the position of secretary, left open after the resignation of Mrs. Clifton Ferrell.

LAY OFFICERS ELECTED FOR METHODIST CHURCH

Lay officers for the new conference year were elected at the fourth quarterly conference of the Main St. Methodist Church on Wednesday.

Dr. J. A. Evans was re-elected layleader and delegate to the annual conference with David N. McDonald as reserve delegate. Captain H. J. Thompson was elected a trustee and C. C. Stone and Carl T. Smith, Jr. were re-elected trustees. All will serve for three years.

Sam Whitfield, and W. W. James were re-elected treasurer and financial secretary, respectively.

Two new Stewards, David McDonald and Carl T. Smith, Sr., were elected and the following were re-elected for a one-year term: Alvin Bosarge, Mrs. W. L. Bourgeois, Dr. J. A. Evans, J. Lewis Henderson, Truman A. Hobbs, W. W. James, C. C. McDonald, Sr., John J. McDonald, William R. Pitcairn, T. T. Robin, William H. Russell, George E. Schilling, C. C. Stone, H. L. Turnipseed, Mrs. J. D. Vaughn (Youth Division) and Mrs. C. M. Shipp (Children's Division).

John Thomas Leddy Dies Suddenly

Mr. John Thomas Leddy died suddenly at 3:15 p. m. on Tuesday, August 12th in Gulfport, Miss. The funeral was held Wednesday, August 13th from the Fahey Funeral Home with interment in Cedar Rest Cemetery. In the absence of Rev. P. E. Pierce, Rev. J. L. Neill held religious services.

Mr. Leddy was born February 14, 1878 in McComb, Miss., son of the late Mr. and Mrs. J. T. Leddy of that city. He is survived by his widow, Mrs. Bell Johnson Leddy and other relatives.

He was a conductor on the Southern Railroad and retired after forty years of service. He was a member of the Order of Railroad Conductors and Brotherhood of the Railroad Trainmen.

Mr. and Mrs. Leddy resided in New Orleans, thirty-five years before moving and making their home in Bay St. Louis. However, after about four years due to illness, they moved to Hattiesburg, Miss.

They, with their nephew D. J. Geraci, Jr., were enroute to Bay St. Louis for a visit when Mr. Leddy was stricken. During their short stay here, Mr. and Mrs. Leddy made many friends, who extend deepest sympathy.

Acting pallbearers were Messrs. Wm. Bourgeois, Sr., John Thomas, George Allison, C. E. Montgomery, Earl Robinson and Frank Quintini.

The Hancock County Democratic Committee met on Thursday of last week to receive and tabulate the returns of the Democratic Primary Election held on Tuesday, August 5th, and it appeared that it would be but a matter of a few hours and the official tabulation could be issued, however petitions were filed by George L. Cuevas, Candidate for Clerk of Courts, and Francis J. Bopp, candidate for Sheriff and Tax Collector asking for a recount of the votes in these races, and the committee granted the request of these candidates.

The recount was started on Friday, and as this progressed it developed that at the Ansley and Lakeshore Precincts, the managers of election had failed to initial the ballots as required under the corrupt practices act, and following the decision of the Supreme Court in the Chinn Case which was an aftermath of the Biloxi Majority contest last summer in which the Supreme Court held that where all of the ballots in a precinct had not been initialed that it was necessary that another election be held, the committee threw out the results of the Ansley and Lakeshore Precincts and ordered a new election.

The committee adjourned on Tuesday Evening after having ordered the new election and having tabulated the official returns in the other 20 precincts in the County, which are published elsewhere.

New managers were named in each precinct, the law being that where such irregularities occur that the committee must name new managers in such precincts.

The returns of the election and the boxes in these precincts must be returned to the Circuit Clerks office immediately following the counting off he votes at each precinct and the unofficial returns will be tabulated at the clerk's office on Saturday night, and will be added to the official returns so far tabulated by the committee, and will be made public.

The Committee will meet on Monday morning for the purpose of making the official tabulation and naming the men who will participate in the Second Primary Election to be on Tuesday, August 26th.

Mr. U. B. Parker, Attorney at Law, represented Mr. Burton D. Johnson, and R. A. Wallace of Gulfport represented Mr. Bopp, candidates for Sheriff and Tax Collector before the Executive Committee.

RETREAT TO OPEN AT STANISLAUS FRIDAY, AUG. 15

A retreat for all laymen, Catholic and Non-Catholic, of Mississippi will open at St. Stanislaus on Friday, August 15 and is being sponsored by Fourth Degree Knights of Columbus, through the chaplain Rev. Father M. J. Costello. The retreat Master will be Rev. Father Cronin, S. J.

The retreat will open at 7:30 Friday evening and will close following the Mass at 6 a. m. Monday, August 18.

Guest Speaker At Bay St. Louis Rotary Club

Rev. F. C. Brown, of Waco, Texas, but now supplying in the Carrollton Avenue Presbyterian Church, in New Orleans was guest speaker at the Bay St. Louis Rotary luncheon on Wednesday.

Mr. Brown talked on Genealogy and said that every family should familiarize themselves with the history of their family and if the record is good they should keep it good. They should live up to the inheritance left them. He took the Rebrew family as a family or nation who kept a strict account of their family.

Mr. Brown said that Rotary is the most democratic organization in America today.

CORRUPT PRACTICES ACT SHOULD EITHER BE REPEALED OR AMENDED.

THE Hancock County Democratic Executive Committee after a four day session, has ordered the election to be held over in the election precincts of Ansley, Lakeshore and Dedeaux.

Under the Corrupt Practices Act, and from the Supreme Court Decisions that have been handed down interpreting this act, there was no alternative for the committee other than to order the election to be held over in these precincts.

The Legislature of 1948 can certainly render a favor to the people of Mississippi, by either repealing this law, or correcting it so that the comedy of errors that is now creeping into its execution may be removed from future elections. Undoubtedly there are some good points in this law, but the bad ones outweigh the good. What has happened in this County is a fair example of what is in store in the future. The election for the offices of Sheriff, Clerk of Courts, and Board of Supervisors for Beat 1 as to who would participate in the Second Primary is very close, and the calling of another election may result in the defeat of the will of the people as shown in the first primary. It has now become a fight to probably defeat the men who were second in the count, and the votes of the leading candidates and those of the candidates who would have no chance to secure enough votes to enter the second primary may go to the candidates who are in the fight for second position. This certainly is not fair. The people in these boxes have had their opportunity to vote as the people of the other election precincts have had, and they expressed their choice in the Election of August 5th., and they certainly should not be allowed to have a second shot, because a manager of election failed to put his initials on the back of the ballot that they cast. While we are on the subject of initialing ballots, we think that that particular section of the law should certainly be repealed. It enables the managers of election if he should see fit to do so, to mark the ballot of the voter in such a way that it cannot be detected by the voter, and destroys the secrecy of the ballot. How the Supreme Court of Mississippi, can conscientiously say that because the ballot that are not initialled makes the election void is beyond us, particularly when all tickets for the election can be accounted for.

Another phase of the law that should be repealed is the one that provides for a primary if the high school is closed. This is a law that should be repealed. Mr. Hammett tells us that he will make a primary on clear majority.

As we have said, there are some good points in this law, but the bad ones should be culled out and the law so written that it would not take a Philadelphia Lawyer to execute it. We have heard it expressed by many of the lawyers engaged in trial of cases under the law, that very few lawyers and no laymen can understand its provision, and certainly no one could guess what the Supreme Court would hold in their findings in a trial under its provisions. This is certainly true and how can we expect any ordinary man, not learned in law to go out and hold an election under a law that has so many ramifications that lawyers cannot interpret, and disagree as to its provisions.

The election to be held in the three precincts of Hancock County on Saturday is certainly not an election to decide the will of the people and will not be fair because of the conditions under which it is being held.

We expect to continue a fight for the repeal or amendment of this law from here out, as we feel that once a person is elected to an office, fairly and squarely, that he should not be molested with lawsuits, and it is an easy matter for a defeated candidate to secure the services of a smart lawyer, who can come into court and charge that a manager failed to dot an "I" or cross a "T" or that he failed to file some certificate or failed in some other provisions of this assinine law and defeat the will of the people.

60% CHANGE IN SCHOOL BOOKS

Since the inauguration of Mississippi's 1940-42 Free School Text Book laws there has been a gradual and regular increase in the enrollment and attendance of pupils in the common and high school grades of the State. The State School Text Book Board is composed of five members: the Governor, the State Superintendent of Education, and three members appointed by the Governor. Mr. C. S. Hudspeeth was appointed Executive Secretary, and has active charge of all the affairs of the Board. He reports that contracts have been made for the delivery of 551,000 school books for all the grades for delivery this fall, of this number 73,000 are for High Schools, the balance go to elementary and grammar grades, 11,000 copies go to private and parochial schools. He estimates that 60% changes will be made from books used in previous year. The cost of books will approximate \$2.43 per pupil of the lower grades, and \$8.94 each for pupils of the high school grades. The last enrollment record of the state's school pupils up to the 12th grade was 220,000 white and 250,000 colored.

MISSISSIPPI ALLOTTED CAMP SHELBY BUILDINGS

As soon as authority in disposition of the real property at Camp Shelby was transferred from the U. S. Engineers to the War Assets Administration, Lowrey Love, State Surplus Property Officers, immediately filed a request with the WAA for 1400 Camp Shelby buildings for distribution to public schools and non-profit making organizations over the state. These buildings were constructed at a cost to the government of approximately \$12,000,000, while the cost to the state will not exceed \$150,000. Buildings to be used for classroom teaching purposes will be obtained at 95 per cent discount on present valuation; buildings for living quarters and recreation purposes are available at 80 per cent discount. Mississippi has top priority on these buildings and Mr. Love estimates that it will require possibly 60 days time before the buildings begin to move. He states that he now has

NOW! Here is a soothing and effective treatment for ATHLETE'S FOOT!

YOU GET ALL THESE HELPS FROM THE START WITH NEURABALM

1—It promptly relieves excruciating pain... intense itching. 2—it kills all FIVE of the fungi which usually cause Athlete's Foot on contact. 3—it dissolves the hot, excessive perspiration on which Athlete's Foot fungi grow and thrive. 4—it promotes healing of raw, cracked, peeling or soggy skin between toes and on the foot. The action Neura-balm is so effective in relieving Athlete's Foot is that it gets at the seat of the trouble by killing all FIVE of the common fungi on contact. These highly infectious plant molds and parasites grow and thrive on hot, perspiring feet. So here, too, Neura-balm is effective in helping keep down excessive perspiration. Further, its soothing, analgesic ingredients work FAST to relieve pain and itching.

Helps Guard Against Re-Infection Treat your feet to a rub with Neura-balm to kill off these fungi and to help prevent a painful and serious case from developing.

Neura-balm is delightful to use! It leaves the skin clean and refreshed... is greaseless, non-sticky... does not stain the skin... dries... does not destroy tissue. Get a bottle today and see how quickly it brings soothing, welcome relief. Read directions in package for other valuable information. At drugstores in 25¢, 75¢, and \$1.25 bottles. Also grand for rowing, fishing, hunting, burning feet, sunburn, chafing, etc. Healed skin.

BUMPER CROP NURSERY SEEDINGS

This year the Mount Olive State nursery will produce 15 million seedlings for farm distribution, according to a late estimate by Albert A. Leggett, State Forester. The Mount Olive nursery planting this year included 12 million loblolly, five million slash, one million short and one-half million longleaf pine. In 100,000 cypress and 100,000 yellow addition one million black locust, poplar were planted. Distribution will be made following the first frost next fall and will continue until mid-March. Each farm ownership who qualify, is eligible to receive seedlings free from the Forest Service.

Elected State Land Commissioner

WALTER L. MCGAHEY

In the primary election of August 5th, Walter L. McGahey, present Land Commissioner was elected to a full four year term. Mr. McGahey, was appointed to the office which he now holds by Governor Thomas L. Bailey to succeed Guy McCullen, who was named Motor Vehicle Commissioner. Prior to his appointment Mr. McGahey, had worked in the Land Commissioners Office for eight years.

P. M. A. NEWS

All farmers who carry out soil building practices and expect to get Government assistance for them are urged to contact the AAA office and get a prior approval issued before the practice is started. In this way money is set aside to pay for the practice before it is started, and the farmers are assured of getting their payment. Prior approvals for practices may be obtained by contacting the AAA office by phone, letter or office visit. The county AAA office issues a prior approval form for the practice and a copy is given to the farmer. This form is used by the farmer to report completion of a practice not later than the closing date shown on it. Some farmers wait until the closing date has passed for reporting completion of a practice, to request Government payments on it. For example there are a few who are reporting oats that were seeded last fall now, when the closing date for reporting turning under oats May 15. In a case of this kind the County AAA Committee has to request the state AAA Committee to waive the closing date for this farmer. This is seldom granted and as a result the farmer fails to get his payment.

Mississippians set a record for themselves last Aug. 5 when 365,472 voters went to the polls and cast their ballots. This is approximately 11,000 above the previous high set in 1939. The incumbent Governor Fielding L. Wright, received 202,000 of these votes with the other 4 candidates dividing the remaining 163,000. At the time of this writing the second man for Lieutenant Governor has announced that he will not run off a second primary with Sam Lumpkin, the leader. The number 3 man, Jesse Shanks, says he hasn't made up his mind whether to take a shot at the post. Lumpkin had 158,000 votes; Cook 85,000; and Shanks 56,000.

With the Senate War Contracts Investigating Committee turning into a comedy of errors between millionaire Howard Hughes and Senator Brewster, the committee decided to recess until November. Hughes and Brewster were calling each other

names and accusations of bribery were flying back and forth. Absolutely nothing has been settled.

After settling a threatened strike in his own plant last week, Henry Ford II was forced to lay off approximately 60,000 workers because of strikes in plants furnishing the huge Ford industry parts. New automobiles are not replacing those being junked at present. Other auto manufacturers curtailed production sharply and announced increases in prices from 2 to 6 percent.

The record 4 day heat wave of several days left 112 people dead. Temperatures of from 100 to 113 were in order. Spots in Mississippi recorded 106.

August 7 was the fifth anniversary of Guadalcanal, the tiny Pacific atoll on which the Americans started the first offensive of World War II. Visitors say there is little evidence of the battle scars left. Jungle vegetation has overgrown the air strips and practically nothing of battle emplacements can be seen.

Mississippi stands to get about 15,000,000 dollars out of 4 federal agriculture programs for the fiscal year ending next June 30. The four programs are rural electrification, school lunch rooms, forest fire pre-

vention and soil conservation.

industries and direction of inefficient industries, were assailed by former prime minister Winston Churchill. Said Churchill, "Except for bloodshed, at the evils of war and worse, are going on in our country today."

The record dry weather has lost Louisiana about \$12,000,000 in forest fires thus far. With thousands of acres burning and hundreds of men fighting the fires, as many as 50 new fires per day were being reported. By Monday of this week, 15,000 acres were on fire and two men had been arrested for incendiarism.

The Germans claim \$5000,000 worth of Crown jewels belonging to Princess Hermine which vanished from a trunk during June. The theft with all the intrigue of a mystery movie plot, was investigated by American authorities. The Americans threw up their hands and told the Germans to do their own gem hunting.

An oil recycling plant costing \$4,500,000 will begin operation in September at Natchez, Miss. It is estimated by the California Oil Company that 1,000,000 barrels of oil will be saved. In this recycling process, gas above the oil will be drawn out and re-injected under the dome.

This pressure will bring out the oil. Captain Bill Odom set a new global flight record of 75 hours, 51 minutes and 11 seconds when he landed at a Chicago Airport Sunday afternoon. His mark cut Wiley Post's record, established in 1933 by more than half.

The Mississippi Amvets called for repeal of the state liquor laws and the collection of an honest tax from whiskey sales, during their convention meeting in Biloxi last Sunday. They also scored the low teachers pay and lack of hospital facilities for Negroes on the Coast. Jackson was chosen as the 1948 convention site.

John D. Smith, newly elected highway commission for Mississippi's Southern District, says he will definitely leave the district highway office in Hattiesburg.

"FRAMED"

With Glenn Ford, Janis Carter and Barry Sullivan

In Columbia's "Framed," drama-filled picture coming to Ortte Theatre, Glenn Ford is harking back to the meaty type of role that made him one of the most popular young male stars on the Hollywood scene. It's somewhat reminiscent of his Johnny Farrell in "Gilda." He's a tough mining engineer but sensitive to the influence of women.

Playing in the featured spot opposite him is the sensational blonde beauty, Janis Carter, whose movie stock is expected to hit a new high in a role calculated to take her into the ranks of stardom. As a glamorous, double-crossing menace, who clashes with the double-fisted Glenn, she's wicked, but, oh boy!

Barry Sullivan, who delivered an impressive performance as the heel in "Suspense," is the third member of the triangle. As a tricky banker

who new Janis when he supplies the male menace. Unscrupulous, opportunistic, he's in league with Miss Carter in a murder plot. Their intended victim is Ford, who resembles the banker. According to their plans, after Ford is murdered, his body dumped in a car and the car crashed, they intend to run away with \$250,000 Sullivan has stolen from his bank. But Janis, in love with Glenn, turns her deadly attention to her co-plotter and that worthy crashes to his death.

Ben Maddow's screenplay goes from one dramatic sequence to another at a blistering pace. He is said to have cleverly resolved the plot to everybody's satisfaction. Other characters he has supplied to director Richard Wallace are Edgar Buchanan featured in the colorful role of a rough miner; Karen Morley as the loveless wife of the banker and Jim Bannon as the husband of the banker's secretary. Wallace is said to have guided the film so that dramatic sparks fly when dramatic characters clash.

Producer Jules Schermer will be commended for his handling of the film.

New Highway Commissioner

JOHN D. SMITH

In a hotly contested election for the office of Highway Commissioner for the Southern District of Mississippi, John D. Smith of Mendenhall, defeated Mundell Bush the present incumbent by a majority of approximately 1800 votes.

Mr. Smith is well known throughout South Mississippi having served Simpson County as Sheriff and as Chancery Clerk.

Lightning Causes Damage

The sudden lightning storm early Sunday morning did considerable damage here and there to the light wires. It struck a telephone wire on Second Street severing it in two places and then running in the home of Miss May Osbourne setting the chandelier on fire and scorching part of the ceiling. The fire department was out in due time and the fire was extinguished before too serious damage was done.

Many transformer fuses were burned out here and there and the Mississippi Power Company has been busy all of the week trying to get the lines in order.

MISSISSIPPI STATE HIGHWAY DEPARTMENT NOTICE TO CONTRACTORS

Sealed bids will be received by the State Highway Commission, at Jackson, Mississippi, until 10:00 o'clock A. M., Tuesday, August 26, 1947, and shortly thereafter publicly opened for

Construction of Grading, Drainage Structures and Bridges on 2,332 Miles of the County Highway between Kiln and DeLisle in Hancock County known as Federal Aid Secondary Project No. S-102 (1).

BASIS OF AWARD: The award, if made, will be made to the lowest qualified bidder on the basis of the published quantities.

In the event contract unit prices indicate a total cost as planned in the excess of the allotment to the project, the length of the project will be shortened to keep the cost of the work within the funds available.

The attention of bidders is directed to the Special Provisions governing selection and employment of labor.

The minimum wage paid to labor employed on this contract per hour shall be: Skilled Labor, 75 cents; Unskilled labor, 40 cents; and Intermediate Grades, 50 cents.

Plans and specifications are on file in this office. Proposals may be secured upon payment of \$5.00 which will not be refunded.

Certified check or bid bond for five per cent (5%) of bid, payable to STATE OF MISSISSIPPI, must accompany each proposal.

Bidders are hereby notified that any proposal accompanied by letters qualifying in any manner the condition under which the proposal is tendered will be considered an irregular bid, and such proposals will not be considered in making the award.

Veterans' News

Army Engineers have been given the "green light" on construction of new Veterans Administration hospitals at Shreveport, La., and Big Springs, Texas, VA announced this week.

It is expected that the engineers will advertise for bids on the hospitals within sixty days.

Meanwhile, by order of General Omar Bradley, VA's new hospital construction program was being considerably revised because of the mounting costs of building.

In order to build the hospitals with the money originally appropriated by Congress, it will be necessary to eliminate all feature not essential to good medical treatment for veterans, Bradley said.

It is expected that major modifications in plans for hospitals at Bonham and Dallas, Texas, New Orleans, Louisiana and Mound Bayou and Tupelo, Mississippi, will be made.

Plans for hospitals at Houston and El Paso, Texas, will not be affected by the order.

Desirable but unessential features such as theaters, office space and doctors and nurses quarters are being eliminated from plans to cut the cost of the new hospital construction program.

MISSISSIPPI'S GULF PORTS GOING AFTER NEW BUSINESS

Mississippi's two principal deep water ports, Gulfport and Pascagoula, which at the turn of the century were recognized as the leading lumber shipping points in the Nation, are today working to gain their share of the increasing flow of commerce now moving through outlets on the Gulf of Mexico.

Spurred by the impetus of war and encouraged by the rapid development of a revitalized South, both cities are working feverishly to improve and provide proper facilities to handle a volume of business which they believe will this year double previous tonnage.

Both Gulfport and Pascagoula at one time shared honors as leading lumber export points, but exhaustion of this raw material and later destruction of the merchant marine caused a slump in port activities.

Pascagoula got its first boost in 1938 when the Ingalls Shipbuilding Corporation located there. Gulfport, with a new \$1,150,000 pier, got its break during World War II, gaining prominence by handling a large volume of wartime cargo and traffic. Lessening of wartime traffic failed to halt improvement, however, and today Gulfport has one of the most modern harbors and ports between New Orleans and Mobile.

The port boasts a protected anchorage basin one-half mile long by one-quarter mile wide, with piers flanking each side. The east pier provides 1,400 feet of improved facilities for large vessels, with a 600-foot berthing space on the north for smaller craft. East pier has a warehouse with 41,250 square feet of floor space. West pier has a newly constructed concrete steel warehouse and transit shed with 352,000 square feet of space, protected by a 30-foot covered apron and served by ship-side rail.

Gulfport's facilities provide berthing space so that five vessels may be worked simultaneously, with anchorage available for two additional vessels of the Liberty type.

During the past year approximately 400,000 tons of cargo has moved through the port, which may double in volume this year. The port presently provides an average monthly payroll of about \$130,000 to the city of Gulfport.

Instead of lumber, Gulfport now handles a diversity of cargoes, including salt cake, rice, flour, pack- age freight and commodities of that nature.

The progressive program of the Port Commission includes improvements to existing facilities as well as plans for enlargement. Facilities already are available for handling almost all types of cargo, and the port has a reputation for its versatility in shifting to the handling of various types of cargo and for the efficient and expeditious manner in which ships are dispatched through the port.

Pascagoula's port, at the mouth of the Pascagoula River, is one of the few harbors in the world where an ocean-going vessel may tie up to the bank. The Port Commission took advantage of this natural anchorage to escape his pursuers during his buccaneering days. It also boasts the distinction of being nearer open water than any port on the Gulf.

Since location of Ingalls at Pascagoula in 1938, a total of 100 ships have either been built or reconstructed at these yards, and has accounted for a great deal of the heavy tonnage reported for the port.

Although Pascagoula, with inadequate harbor facilities, has no foreign trade today, backers believe that modern improvements will cause a resumption of its import-export trade. A \$50,000 Federal Works Administration planning fund already has been granted the port and will be used to blueprint development, which will probably include a series of finger wharves and warehouse facilities served by rail. The Port Commission already has recommended the latter project.

Although a separate project, Pascagoula also is promoting development of the Port Harrison, Mississippi, project which would open up the Gulf River and Tensas River to Gulfport and Pascagoula and provide for large transportation facilities.

Some weeks ago three retailers in Claiborne county were convicted of selling hard liquor and local citizens challenged W. W. Pierce, Director of the Mississippi Committee of the U. S. Brewers' Foundation to take action.

A part of Pascagoula's busy harbor at the mouth of the "Singing River" is shown in this aerial view, which takes in part of the Ingalls Shipbuilding Corporation's shipyards. The proposed new finger wharves would be built out from the strip of land upper right.

Gulfport's modern harbor facilities have adequate warehouse space, transit sheds, convenient rail facilities for unloading and loading, and heavy hoisting equipment which speeds loading and unloading of ships.

Because of excellent rail facilities, cargo may be easily moved from railroad car right on to the ship at Gulfport's modern new port, which also boasts plenty of warehouse space for the variety of commodities which move through the port.

Supporters of this project argue that this cheap means of transportation would increase the flow of oil and other important products through Mississippi's own Gulf Ports.

Although under discussion for many years, this project still has a strong chance to hurdle before it because of the fact that the U. S. Engineers, however, list four harbors on the Gulf Coast. The other two are Biloxi and Biloxi consistently maintains third place among Mississippi ports, handling 124,000 tons, mostly seafood, in 1946. Pass Christian's tonnage was 2,814 tons last year.

TO THE QUALIFIED ELECTORS OF HANCOCK COUNTY:

Please accept this, my grateful thanks, for the splendid vote given to me by you for the office of Sheriff in the First Primary held on August 5th.

You know it is necessary that a Second Primary be had, and your continued efforts in my behalf will be greatly appreciated. The splendid vote given me is an endorsement, as I see it, of my qualifications for this office.

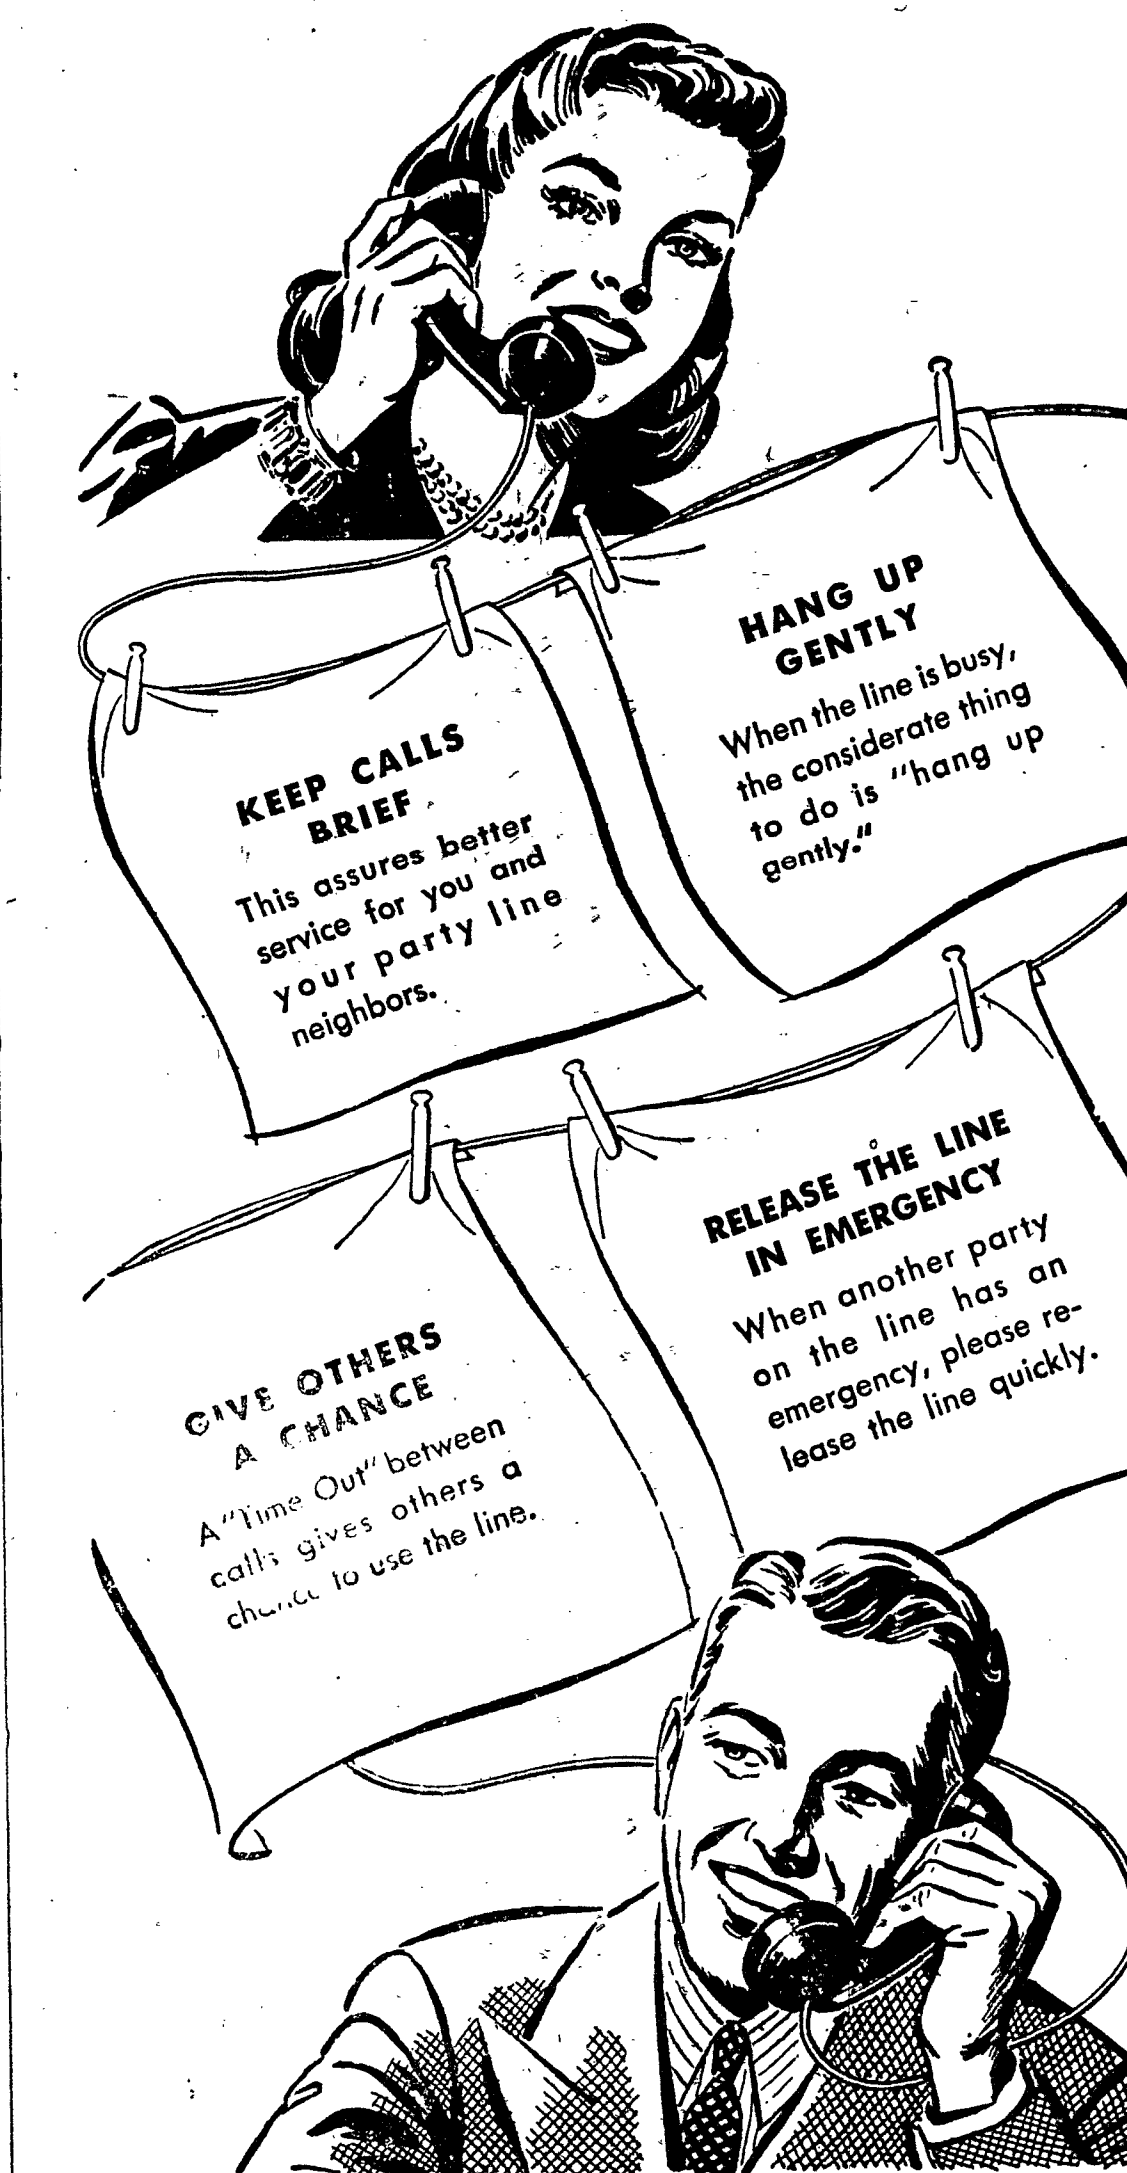

Many people saw fit to vote for my worthy opponents in the first primary who have been eliminated; and to them I wish to express my fondest hope for their support, and to assure them that they will not be disappointed if they see fit to cast their vote for me on August 26th, 1947.

Thanking you, I am,

Sincerely

A CHALLENGE MET

Some weeks ago three retailers in Claiborne county were convicted of selling hard liquor and local citizens challenged W. W. Pierce, Director of the Mississippi Committee of the U. S. Brewers' Foundation to take action.

Within two days the Committee had investigated the situation and petitioned the State Tax Commission to revoke the beer permits in question. Two weeks later, the permits were revoked.

That's the way the brewing industry met the challenge. That's the way this Committee works with law enforcement.

Developes Hobby

Maurice Demourelle has developed a hobby which is both educational and interesting. He is collecting rare specimens of tropical fish and while his collection is still small he hopes to build it up if he can secure the fish.

An interesting specimen is the cichlid called Angel Fish because of its wings. It also is one of the few fish with legs which are two long black tentacles which appear to be longer than the fish's body. It is with these that the fish lifts its young as it comes out of the egg and deposits it in a sand pocket until it is large enough to navigate for itself. The eggs are laid on glass—that is those confined as these, deposit the eggs on the side of the glass jar. The Angel fish are from the Amazon River.

The three-spot Gouramies a light blue fish from the East Indies is a graceful fish with a longer body than some of others and has a formation resembling somewhat the keel on the boat which gives the fish the name of Thread Fish. This and the Angel Fish when first brought into the United States, the specimens sold for \$100.

Maurice has a pair of Toy Tropicals from Florida which are native to Florida waters. He has a fine specimen of what is known as the Mexican Sword Fish, Xiphophorus helleri, named sword fish because of the long pointed sword shaped projection behind the tail. he fish are native to Mexico.

Maurice lives with his grandparents Mr. and Mrs. Roland Cuevas on Second Street.

Uncle Sam Says

Ho, would you like a fat raise? Dream stuff, you say? It isn't! It's a cold-cash, brass tacks reality—if you want it to be. How do you go about it? Very simple. Just sign up for the Payroll Savings Plan where you work or the Bond-a-Month Plan where you bank. For every \$3 you put away now, you get \$4 in ten years. Take part of your pay each week in U. S. Savings Bonds. That's all. That's a fat gain in any man's arithmetic. And if ten years seems like a long time to look ahead, just give a thought to the smart Americans who bought bonds ten years ago, and hung on to them. Act now. Ten years will be gone before you know it!

OUT-OF-TOWN WEDDING
OF INTEREST

One of the beautiful out-of-town weddings of general interest here and throughout the county was that of Miss Dorothy Helen Arendale, daughter of Mr. and Mrs. V. A. Arendale former residents of Logtown, now residing at 16 Pine Hills, Hattiesburg and Mr. Charles Henry Trumbly, son of Mr. and Mrs. Arnold Trumbly of Los Angeles, California.

The marriage was consummated at the First Presbyterian Church, Hattiesburg on Friday, August 8 at 4 p. m. Rev. Dr. W. H. McIntosh, pastor, officiating.

As pre-nuptial music Miss Joyce Freeman, sorority sister of the bride, sang, "I Love Thee" and "I Love You Truly." Miss Amelia Massengale accompanied the singer and played the traditional wedding march for the processional and recessional of the bridal party.

The bride wore a dress of white embroidered eyelet organdy designed on princess lines. Her shoulder length veil was held to her head by a coronet of tube roses and she carried a purple orchid on a white ribbon. Her only ornament was a single strand of pearls.

The maid of honor was Miss Shirley Fountain of Logtown and the bridesmaid was Miss Doris Fredendoll of Hattiesburg and Washington, D. C. Their dresses were of embroidered eyelet organdy in blue and pink and fashioned on the same lines as the bride's. They carried bouquets of painted daisies and wore a bandeaux of daisies in their hair.

Mr. Trumbly had as his best man C. W. Fountain, Jr., of McComb, uncle of the bride and the bride's cousin Roy Baxter, Jr., of Logtown was groomsmen. The men in the wedding party wore gray suits and blue ties.

The couple will make their home in Meridian.

An informal reception was held for out-of-town guests at the home of the bride's parents and present were Mr. and Mrs. Lamar Otis, Miss Minnie Otis, Mrs. Roy Baxter, Sr., Misses Nettie Holleman and Alma Parker all of Logtown; Mr. and Mrs. C. W. Fountain, Jr., and daughter Betty of McComb, Mrs. J. W. Sturdivant and daughters Peggy and Martha, aunt and cousins of the bride, of Merigold, Miss; Mr. Russell Barefield and son Calvin of Sardis and Miss Rita Dabbs of Quitman.

The rehearsal party was given by Miss Doris Fredendoll at the home of her parents. The bride gave costume jewelry to her attendants and Mr. Trumbly gave ties to the men in the wedding party.

Other pre-nuptial parties included a shower at the home of Mrs. Lamar Otis in Logtown given by Mrs. Otis and Mrs. C. W. Fountain, Jr.; a coke party given by Mrs. Harvey Craft, Jr. in Hattiesburg when the bride was presented with a pair of boudoir lamps; a shower given by Miss Edna Poyner in Hattiesburg.

The bride is a graduate of Bay High and is well known here and many good wishes follow her in her new life.

THANKS

To The People of the 40th Senatorial District:

I take this means of expressing my sincere appreciation to the people of the Hancock, Lamar, and Pearl River Counties for the splendid vote I received at the hands of you, the people. I shall ever be grateful to you for giving me this opportunity to represent you in the State Senate in Jackson, Mississippi.

Sincerely,
CORNELIUS J. LADNER.

CREOMULSION
For Coughs, Chest Colds, Bronchitis

To The Voters Of
Beat 5, Hancock
County, Miss.

My original announcement on June 6th, in parts, read as follows:

In offering my continued services to you, the citizens of Beat 5, I do so with the sincere knowledge that during the past two terms, I have diligently served you and have been successful to a great extent in accomplishing most of the matters you have required of me.

I have at all times placed the duties of my office above my own personal business. I have even gone beyond the requirements of my duties as a Supervisor in rendering services that were beneficial to the entire County. My trips to Washington and Baton Rouge in behalf of the Sea Food Industry were financed by me. I have also used my personal funds at other times in behalf of the County's interest.

I will not attempt to enumerate any of the accomplishments achieved during my administration at this time. My friends and all the fair minded Citizens of the County are well aware of all that has happened and I do trust credit will be given where it belongs.

There is a great deal yet to be realized and only a conscientious, sincere, able, unselfish person will be successful. I feel that the past has proven that I have the above requirements. I defy and welcome any one to prove that I have received any graft whatsoever. The only "personal gains" that I have been honored with, is the distinct knowledge and satisfaction that I can lay my head on my pillow at night and say, "I have been fair to my fellow man and I have served my people well."

I am a World War I Veteran, having served overseas and a Veteran of Foreign Wars, American Legion and 40 & 8. During World War II I served voluntarily without pay in the U. S. Coast Guard Auxiliary, checking and inspecting all boats against Government violations along the Gulf Coast. My own boat was also used in the service. I have always been very active in Legion and Veteran affairs.

My appreciation is extended whole heartedly to those people who voted for me in the 1st primary and through your wonderful co-operation I received 1097 votes against my nearest opponent's 369 votes. However on August 26th, I again ask you for your vote and support and to those who voted for any of my opponents for their own various reasons, I sincerely trust you will find it possible to vote and support me in the second primary, Tuesday, August 26th.

With deep appreciation, I am,

Sincerely yours,

ED. P. ORTTE

CARD OF APPRECIATION

Wishing to express my deep appreciation for the votes cast for me in the first primary August 5, I am using this method to let my many friends know how I feel.

As six of my opponents have been eliminated I am asking the support of those who voted for them in the first primary, to place their confidence in me by giving unanimous approval for a change of Constable and vote for me in the second primary August 26.

Assuring you that your interests and problems will be mine to be justly and duly considered, I am,

Respectfully yours,

EMILE G. PIAZZA

Candidate For Constable, Beat 5, Hancock County.

ENTERTAINED AT TEA

Miss Inger Clausen of Copenhagen, a house guest here of Mr. and Mrs. M. A. Phillips, Sr., was the honor guest at a beautifully appointed tea on Tuesday afternoon at the South Beach home of Mrs. Walter J. Gex, Jr., with Mrs. Gex and Mrs. Lucien M. Gex entertaining jointly.

The reception rooms were bright with various arrangements of flowers and the tea table was centered with an arrangement of white carnations, tube roses and gladioli placed in a crystal swan shaped container with the blossoms so placed to form a swan. Giving color to this were the Caladium leaves. The table arrangement was completed with the three branch candelabra holding lighted white candles.

In the receiving line were the honoree, Mrs. Phillips, Mrs. Walter Gex and Mrs. Lucien Gex. Miss Clausen wore an afternoon dress of white crepe with a corsage of American Beauty Roses. The other ladies wore lovely afternoon dresses and Mrs. Walter Gex's corsage was of butterfly orchids, Mrs. Lucien Gex pink roses and Mrs. Phillips pink roses.

Presiding at the punch bowl was Mrs. Robert Camors and the tea girls were Gay Gex, Patricia Gex, Jeanne Arceneaux, Kay Ford and Nannette Arceneaux. More than a hundred people called during the hours from four to six.

To The Voters Of Beat 5

Because I have been unable to see all who voted for me in the first primary to be a member of the Board of Supervisors, Beat 5, I am adopting this means to express my sincere appreciation to all.

In addition, I wish to express my thanks to the scores of voters who have now promised me their wholehearted support in the second primary, and with their help I am now confident I can overcome the first Primary lead of the remaining candidate in the race.

I entered this race as a candidate with the determination that if elected by the voters I would serve their best interests only. Prior to the first primary I waged my campaign along lines that would not do personal injury to any opposing candidate by the circulation of rumors or statements designed to discredit them. I intend to wage my campaign for the second primary on similar lines.

More than half a century ago my father, Bob Hubbard, came into this community, acquired property and herein raised his entire family. I was born, educated and have resided here throughout my life. I preferred to stand on my own reputation in this community and on my record as an Alderman in the Town of Waveland during the past five years.

In my original public notice of my candidacy I pledged myself to the interests of the taxpayers and voters. I again pledge myself to that purpose.

If elected I will initiate and fight for any and all proposals designed for the interests of the taxpayers and the progress of the community at large, and I pledge myself to vote against any and all proposals which are not to their interests. On this basis I solicit your vote.
